THANK YOU

The 42nd Band of Music would like to thank all of our supporters who attend our performances around the United States; the event organizers who provide the stages for our music; our friends in the pipe and drum and Ancient music communities; and our Scottish supporters who sell Forfar Brides at the Feast and celebrate Burns' birthday with us, all to support the 42nd and Scottish culture in Lafayette. But most importantly - special thanks to our families without whose support during long rehearsals and weekends on the road we would never have been able to do what we do.

42ND ROYAL HIGHLANDERS HISTORY

At the Annual Encampment at Ft Massac, IL in October 1975, Capt Thomas J Griffin fielded the 42nd Royal Highlanders. In April of 1976, the 42nd Royal Highlanders, Inc, based in Lafayette, IN, was officially formed, and began a great tradition, now in our 35th year.

The 42nd was created to portray the 42nd Royal Highland Regiment (The Black Watch) during the period of the American Revolution, while bringing history alive to educate and entertain with Scottish heritage and culture.

The uniforms we wear are replicas of the uniform of the Black Watch: highland bonnets; red tunics, with the Royal Blue facings of a royal regiment, and the yellow lace of the musicians; hand cast pewter buttons with the regimental number "42"; and kilts of the Black Watch tartan.

The music we play dates to the 18th century, and we field bagpipes, fifes and rope tension drums, the same instruments that were used by the 42nd of the late 18th century. Our musical arrangements draw upon the musical traditions of both Scottish pipe bands and Ancient fife and drum, and we are, to the best of our knowledge, the only unit with such an instrumentation in the United States.
